WORK EXPERIENCE

Customer Service Agent, Upsource by Solutions

Feb 2024 – Present

- Analyzed and resolved internet and billing inquiries in an SLA-driven environment.
- Recorded recurring issue patterns. Reported them to help improve processes.
- Worked with internal teams on system behavior. Turned customer-reported issues into follow-up tasks.

Management Information Systems Trainee, Municipality of Al-Muwayh

Aug 2023 – Oct 2023

- Gathered and wrote up system requirements. Mapped financial data flows to improve internal reporting.
- Designed logical relational database schemas. Wrote technical documentation, including system Use Cases.
- Reviewed existing software tools and found operational bottlenecks. Recommended data-driven solutions to management.

PROJECTS

Inbound Ticketing System | Business Analyst & Requirements Assistant

- Wrote the Business Requirements Document (BRD) for the full system scope and objectives.
- Modeled As-Is workflows to find where the current process can improve.
- Created detailed Use Cases for user-system interactions.
- Laid out the platform's information architecture and page structure.

Sanad System | Graduation Project, Taibah University

Business Analyst & Requirements Assistant

- Elicited business requirements. Tracked tasks and progress in Jira.
- Analyzed business processes and designed the system's relational database models.

Contact Center KPI Dashboard | Power BI

- Built an executive KPI dashboard for AHT, FCR, and CSAT. It covers 189 operational conversations.
- Added interactive geographic visuals and weekly trends. They show regional bottlenecks and peak demand periods.

Financial Analysis Dashboard | Power BI

- Built a financial/accounting dashboard on a star-schema data model. Used Time Intelligence and multiple table relationships.
- Delivered period-over-period variance analysis. Tracked KPIs for executive financial reporting.

Used Cars Market Analysis | Power BI

- Built a Power BI dashboard on 5,159 Saudi used-car listings from a public dataset.
- Modeled 1 fact table and 6-dimension tables. Wrote 4 DAX measures and 2 calculated columns.
- Added slicers, KPI cards, a regional sales map, and a price-by-year trend.

EDUCATION & CERTIFICATIONS

- Entry Certificate in Business Analysis (ECBA), International Institute of Business Analysis (IIBA), 2026
- Bachelor's degree in management information systems (MIS), Taibah University, 2023
- Business Analysis Program, Misk Foundation
